The Sojournal is a diverse guide through your journey.

After 3 years, the 2011 edition will bring new, light energy with fresh useful information. The diary consists of daily guidance, the moon times, Mayan oracles and more. A variety of cultural and religious holidays are indicated throughout the year. The beginning of each Zodiac month has an artwork (sourced from local South African artists) and an Astrological introduction and Angel reading for the month ahead.

As this diary is a comprehensive guide and people refer to it daily, we feel it is a valuable and useful place to have a directory. We shall list all the Health shops and selected stores for free, according to region. Each advert will become a part of the readers life for the year and find exposure via the Sojourney website <http://www.sojourney.co.za/>

Select the adverts you wish to place. If you have any questions or special requests then please contact us. We are not yet vat registered, so the prices are as you see.
